**Re: Revisions for professional park planning services for Taylor Parks
Master Plan**

Dear Mr. Salvato:

I would like to address the revised proposal regarding the above referenced project.

After a meeting with Mr. Casey Sledge, as your city engineer, we have determined that the information that can be provided by Mr. Sledge regarding the parks and the trail system, as well as the public meeting coordination and facilitation, will allow us to reduce our original proposal fees as stated in our updated proposal to meet the current needs of Taylor and it's current association with Williamson County and the YMCA facility.

We look forward to working with you and if you have any concerns or questions, please do not hesitate to contact me at 512.238.8912.

Respectfully submitted,
