T. Don Hutto Correctional Center  
1001 Welch Street  
Taylor, TX

Dear Warden Blumberg:

I understand that your facility is one of four that the Corrections Corporation of American (CCA) is proposing to manage and operate the Federal Bureau of Prisons (BOP) low-security criminal alien housing program. For many years, this facility has been a vital part of the Taylor community and a contributing partner to our local economy by offering its employees competitive salaries, good benefits and safe working conditions.

With public safety a major concern for any correctional facility, we appreciate the fact that the CCA has always strived to maintain a secure facility and has made every effort to not compromise the safety of the public, the staff, or the inmates. The CCA continues to work well with our local authorities by keeping the lines of communication open.

As the City Manager of the City of Taylor, I support your efforts to secure the BOP program and look forward to having you continue to be a valued partner in our community.

Sincerely,

Frank Salvato  
City Manager
