Taylor, Texas 76574

Mr. Salvato

I spoke to you in reference to the 2 empty lots that are in flood plain areas and cannot be built on, and two lots that do not have excess into, I'm asking if it is possible to make an exchange for three lots the City of Taylor owns on South Doak Street, (606, 608, and 610 South Doak) for the exchange of Block 319 Track 11, ACRES .304, Block 319 Track 14, ACRES .345 and Block 39, Lot 1, 2 (PT) ACRES .3099 if I am awarded this exchange of properties, I can proceed on building a home on one of the properties and when sold I can start on the next one until all three lots have homes on them, this I am sure will bring more Tax revenue to the City of Taylor and our School system. All properties are owned by my Company and all Taxes are current, I will await your answer at your convenience.

Sincerely,

Andres Leal Sr
owner

XBLINK, INC.

Re: Letter of Intent to acquire the Southwood Hills Well

Dear Frank,

This is to inform you of my intention to acquire the Southwood Hills Well through purchase, trade, lease or other mechanisms within current statutory requirements as you may identify.

This water source has the potential to provide low cost, untreated water for a variety of possible uses which I intend to market. Please contact me with the options available for this acquisition. I will need mapping, coordinates and any past or present line connections to the well and their routes. I would also be interested in easements and properties surrounding and related to the well.

Please consider the potential for a mutually beneficial arrangement between Xblink, Inc. and the City of Taylor. Contact me by cell phone at your convenience at 512-775-2698.

Sincerely,

Pix Howell, President
Xblink, Inc.
